EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Falk on 3/31/06.

2. The application has been amended as follows:

In the Claims:

3. In claim 1, line 5 before "less than 2,000" insert -- of 250 to --.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest a method of forming a moisture reactive hot melt adhesive (and the formed hot melt) by first forming a hydroxyl-functional prepolymer as claimed in step a), admixing the prepolymer and additional second components as claimed in step b) to form an admixture, and reacting the admixture to form the hot melt adhesive. Jacobs teaches forming a hydroxyl-functional prepolymer substantially as claimed in step a) and admixing the prepolymer and additional second components including water substantially as claimed in step b). However, there is no teaching or suggestion that the prepolymer and all of the additional second components other than water are formed into an admixture that is allowed to react prior to adding the water such that there is no teaching or suggestion of forming a

moisture reactive hot melt adhesive of the type claimed in Jacobs, it being noted Jacobs specifically teaches the water is added to the admixture prior to adding all of the claimed second components such that a dispersion and not a moisture reactive hot melt adhesive is produced (Column 10, lines 63-65 and Column 11, lines 9-13 and the examples).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
